CONTROL

Inverter System | The CHI Q super-efficient inverter system is quieter than traditional compressors, and also keeps your food fresher for longer, which saves on energy consumption.

Variable Temperature Chamber | The CHI Q flexi-room to adjust the temp. from 5°C to -20°C, to meet different storage requirement.

Bottom Heat Dissipation | Thanks to its bottom heat dissipation, it can stand flush with your countertop for a sleek look.

Care+ Crisper | Three different mode settings provide more suitable temperature settings for storing meat, fruits, and vegetables.

Premium Flat Door | Premium Flat Door with recessed handle, make your kitchen elegant, convenient and premium.

Multi Air Flow | The system ensures chilled air reaches each shelf quickly and uniformly to ensure the food will stay fresher for longer.

Metal Cooling | Uniform temperature with premium metal cooling plate.

Total Frost Free | The CHI Q Frost Free feature maintains the correct internal temperature for more effective food preservation meaning there is no need to manually defrost the unit.

Luxury LED Light | Luxury LED lights are energy efficient and reduce heat output and provide lighting for a better internal view of your contents.

LED Display with Control | The LED digital temperature display and electronic controls ensures the optimum control of the fridge and allows for seamless setting adjustments for different modes.
